
GUIDELINES

WE ARE COMMITTED TO PROTECTING THE INTERESTS OF SECURITY RESEARCHERS AND PARTICIPANTS. THE MORE CLOSELY YOUR BEHAVIOR FOLLOWS THESE RULES, THE MORE WE'LL BE ABLE TO PROTECT YOU IF A DIFFICULT DISCLOSURE SITUATION ARISES.

PLEASE CAREFULLY READ THE RULES. THESE RULES APPLY FOR THIS EVENT:

- Testing should be performed only on specific test objects.
 - Submissions must be made to the judge or expert present on site.
 - Communication regarding submissions must remain within Volvo and companies involved for the duration of the disclosure time specified in the non-disclosure agreement.
 - Submissions should have an impact on the target's security vulnerabilities. Impact means the reported issue affects the target's users, systems, or data security in a harmful or destructive way. Submitters will be asked to explain in detail the vulnerability found in their submission in their vulnerability report in a manner which the jury may follow steps to the found vulnerability.
 - The details of the event must not be communicated to anyone who is not an authorized employee of the organization responsible for the program.
 - Researchers are allowed to video or screenshot Proof-of-Concept of their submissions. These files must not be uploaded until the terms stated in the disclosure agreement requirements have been met.
 - Violation of the program's disclosure agreement would result in the disqualification of the team and all of their participants.
